## **HANDICAP SCORE POSTING – REVISED 1/1/2022:**

- (a) Under the Rules of Handicapping, a Handicap Index will update the day after a score(s) is posted
- a. **Players should submit their scores ASAP (the same day the round was played and before midnight). This ensures the score will be used in the playing conditions calculation.**
- (b) For a player with an established Handicap Index, the max score for each hole is limited to a net double bogey, calculated as follows: **Par of the hole + 2 strokes + Any handicap stroke(s) that the player receives on that hole\*** (\*or minus any handicap stroke(s) that a plus handicap player gives back on that hole.)
- (c) Event Handicap revision dates will be determined by the Golf Shop.
- (d) A score may only be used for handicap purposes if, the round has been played over at least the minimum number of holes required for either a 9-hole or an 18-hole score to be acceptable, and if the player was in the company of at least one other person, who may also function as a marker. See below.

# of Holes Played	Scaling up	What score(s) to record for holes not played
At least 7 holes	Scale up to 9- hole score	Add net par
At least 14 holes	Scale up to 18-hole score	Add net par

- (e) In tournament play, particularly match play, a player may pick up his/her golf ball and not complete the golf hole. In this case, the player should post the score he/she most likely would have made. The most likely score consists of the following

Position of the ball	Strokes to be added
If the ball lies on the putting green and is no more than 5 feet from the hole:	Add one additional stroke
If the ball lies between 5 feet and 20 yards from the hole:	Add 2 or 3 strokes, depending on the position of the ball, difficulty of the green and the ability of the player
If the ball lies more than 20 yards from the hole	Add 3 or 4 strokes, depending on the position of the ball, difficulty of the green and the ability of the player

- (f) The USGA handicap formula may reduce a player's handicap due to exceptional play Rule 5.9. When an exceptional score is posted to a player's scoring record, the handicap index will be reduced in accordance with the following table:

# of strokes the score differential is lower than a player's handicap index in effect when the round was played	Exceptional scores reduction
7.0 – 9.9	-1.0
10.0 or more	-2.0

## **HANDICAPPING POLICIES & PROCEDURES**

The Handicap Committee of ACC is a sub-committee of the Management Team and is responsible for ensuring compliance with the obligations under the World Handicap System (WHS) in accordance with the Rules of Handicapping and the USGA. The WHS expresses two basic premises: 1) each player will try to make the best score at every hole in every round, regardless of where the round is played, and 2) the player will post every acceptable round for peer review.

As a Handicap Committee, we will verify that acceptable scores are posted for handicap purposes and made available for peer review. The Handicap Committee may also perform random score audits and review members scoring records at least annually. In addition, the Handicap Committee provides guidance to club officials and other club Committees to establish the Terms of Competition for all applicable events at the club and to ensure players consistently have the ability to use their Handicap Index to compete, or play a recreational round, with anyone else on a fair and equal basis.

The Handicap Committee members for the 2022-2023 season are:  
Joe DiChiara

The Handicap Committee enforces these policies & procedures for all members wishing to maintain a Handicap Index with ACC:

- Maintain an active membership on the handicap roster of the club.
- Post all acceptable scores, including 9-hole rounds.
- Scores are to be posted within the same day of the round being played.
- Where applicable, proper adjustments must be applied to all scores for posting purposes, including net double bogey and most likely score.
- Each player will try to make the best score at every hole in every round, regardless of where the round is played.

What is an Acceptable Score?

- If 14 or more holes are played in an 18-hole round
- If 7 holes are played on a rated 9-holes
- Scores made in match play, stroke play and team competitions
- Scores made under Rule 3.2 when a hole is not played
- Scores made under Rule 3.3 when a player does not hole out
- Scores made if a player is disqualified from a competition but has an acceptable score
- Scores made when played by the Rules of Golf
- Scores made when played on a course during its active season
- Scores made in the company of at least one other person, who can also function as a marker

**All acceptable scores are to be posted within the same day of play using one of the following methods:**

- **Score posting kiosk at the golf course | Mobile App | AGA Site | Returned to the golf shop for posting**

A player must earn a Handicap Index. No player has an inherent right to a Handicap Index without demonstrating ability to our Golf Club's Handicap Committee. The Handicap Committee has the authority and obligation to adjust a Handicap Index if it feels necessary to do so. The Handicap Committee has the responsibility of making certain that each player has a Handicap Index reflecting potential ability.

Under the following circumstances, it may be necessary for the Handicap Committee to adjust the player's Handicap Index. However, the following list is not all-inclusive, and the Handicap Committee has the ultimate authority to adjust a Handicap Index under any circumstance that it feels necessary to do so. Before an adjustment becomes effective, the Handicap Committee will give the player an opportunity to explain the circumstances surrounding the proposed adjustment, either in writing or by appearing before the Committee. When an adjustment does become effective, it will be identified with the letter M, indicating that the Handicap Committee has modified the Handicap Index (e.g., 4.9M):

- **Improving Faster Than the System Can React**  
A player recently taking up the game may improve too rapidly for a Handicap Index calculated by the standard procedure to reflect potential ability (i.e a player who is practicing aspects of his/her game and/or taking playing lessons may not have a scoring record that exhibits potential ability & may need a Handicap Index adjustment)
- **Numerous Away Scores Change Index**  
If a player's Handicap Index increases by 3.0 or more due to the posting of numerous away scores, and subsequent scores at ACC clearly indicate that the increased Handicap Index is too high, the Handicap Committee will adjust the player's Handicap Index downward.
- **Temporary Disability**  
An increase in a Handicap Index will not be granted because a player's game is temporarily off, or the player has discontinued play. However, an increased handicap may be given for a temporary disability. The modified Handicap Index will be identified by the letter "M" to indicate that the Handicap Committee have modified it. For example, a player having had recent surgery may be given a modified Handicap Index while recovering.
- **Player Manipulates Round**  
Examples of manipulating scores include the following:
  - (a) Posting erroneous information to the scoring record
  - (b) Stopping play prior to 7 or 14 holes to avoid posting scores
  - (c) Repeatedly playing more than one ball to avoid posting scores
  - (d) Not adjusting hole scores under The World Handicap System (i.e., failing to adjust to a net double bogey score on each hole before posting)
  - (e) Deliberately reporting more strokes than taken
  - (f) Deliberately taking extra strokes to inflate a score
  - (g) Not posting or not timely posting a score.

## **What are the possible Disciplinary Actions possible for failure to post or player manipulating their Handicap Index?**

The Handicap Committee *expressly reserves the right to impose any disciplinary actions it deems fair and equitable*, depending on the severity, context and circumstances of the infraction. If a player is found to have violated the spirit and intent of the USGA/WHIS handicap guidelines and rules, the Handicap Committee has the sole and independent authority to impose **any** sanction, including but not limited to: a verbal warning; a written warning; imposition of a penalty score and modification of a player's handicap (i.e. modify to player's 12 month low handicap index). In addition, the Committee may, in its sole discretion, impose a sanction/penalty on players who are repeat offenders or repeat non-compliant players.

For illustration purpose only and without establishing a requirement, the following are examples of how potential infractions may be handled:

1. First failure to post or potential manipulation of your score will (at a minimum) result in a verbal warning.
2. Second failure will (at a minimum) result in a written warning.
3. Third failure will (at a minimum) result in the appropriate penalty score issued for scores not posted
4. After a fourth failure to post your score or continued manipulation of the scoring record, further disciplinary action will be taken as the Handicap Committee deems fair and equitable.

**\*\*The head golf professional or assistant golf professional at ACC can issue verbal warning(s) or written warnings(s) to any member(s) for failure to timely post his/her scores as required, without following the formal inquiry process below.\*\***

### **Formal Handicap or Golf Related Inquiry Process**

All formal handicap or other golf related infraction inquiries regarding any ACC members (or guests) must adhere to the following requirements and procedures (with exception as noted above):

1. The inquiry must be in writing (verbal inquiries are not accepted) and at a minimum include:
  - a. The alleged infraction(s), all necessary information to investigate said inquiry (i.e., member at issue, dates, times, etc.) and all documentation in support of said inquiry.
  - b. The identity of the person making the inquiry (this will be kept confidential, but no anonymous inquiries will be accepted); **AND**
  - c. All the above must be hand-delivered and/or emailed to ACC Head Golf Professional, Joe DiChiara ([jdichiara@ancalacc.com](mailto:jdichiara@ancalacc.com)).
2. If an inquiry meets all the minimum requirements of Section 1, the Head Golf Professional shall timely send the inquiry and supporting documentation to the Management Team for investigation and review.
3. The Handicap Committee will provide the member in question with a summary of the inquiry and, before taking any action, the member will be invited to respond to the Handicap Committee either in writing or by appearing in person before the Committee. Said summary and invitation shall be emailed to the member at his/her email address on file with ACC.
4. The Handicap Committee will provide written notice to the affected member(s) of its decision and penalty, if any, no later than thirty (30) days after the initial written formal inquiry was received by the Head Golf Professional pursuant to Section 1. Said written notice shall be emailed to the member at his/her email address on file with ACC. All rulings will be at the discretion of the Handicap Committee. The decision of the Handicap Committee is final, unless the penalty includes a suspension of play.
5. If the penalty includes a suspension of play, the member shall have fifteen (15) days after receipt of said decision by the Handicap Committee to make a written request for a review hearing before the Club Manager and the full Management Team. This program will focus on junior development in golf and getting them ready to play the course. The juniors are taught putting, short game, full swing and we will go onto the course. In the on course play each hole is a par 4 and beginners start from 25 yards. Once the golfer has mastered how to make 4 from the 25 yard tee markers then we will reward them by moving back to the 50 yard tee markers. Once they have mastered how to make 4 from the 50 yard tee markers then we will challenge the golfers from the 100 yard tee markers. This process continues until we are playing from the silver tees.

These programs will be held in 9-week semesters throughout the year. Each session will be 1 hour long and will consist of new topics and activities each week. Sign-ups will be posted before each semester and can be done through the Golf Shop.

Sincerely,

Joe DiChiara, PGA  
Head Golf Professional  
Ancala Country Club

# LOCAL RULES SHEET

## OCTOBER 2022

**OUT OF BOUNDS:** Defined by the inside edges at ground level by street curbing, fences, masonry walls and white stakes: a ball crossing a street and coming to rest on another part of the course is considered out of bounds. A ball is out of bounds when all of it lies out of bounds. (See Rule 18.2 A & B)

**PENALTY AREAS:** Defined by Yellow or Red lines and/or stakes. (See Rule 17.1 D) Exception on Holes #9 and #18 – The margin of the Penalty Areas will be the outside edge of the concrete/boulders. If the outside edge of the concrete/boulders interfere with your stance or swing you are entitled to free relief under the Immovable Obstruction ruling. (See Rule 16-1) Note – This exception does not apply to Hole #18 greenside bunker.

**ABNORMAL COURSE CONDITIONS:** Cart Paths, Walking Paths, Drainage pipes, wooden steps, bunker maintenance entry/exit points, electrical boxes and the rock wall on the left hand side of Hole #7 are considered immovable obstructions and the player is entitled to free relief. Nearest point of relief, no closer to the hole, drop within one club length. (See Rule 16.1)

**HOLE #9 CART PATH:** If your ball comes to rest in between the purple stakes (right of the cart path), you are entitled to drop the ball within one club length on the grass side of the path no closer to the hole without penalty.

**DRAINAGE ROCK PILES:** You get relief from any rock pile that is a continuation of a drain pipe that is **on the golf course property** and not in a Penalty Area. These drain pipe tips are painted neon pink.

**GREENSIDE SPRINKLERS:** A player may take one club relief no nearer the hole and not on the green from a greenside sprinkler if the following conditions are met: a) The ball lies off the green, but not in a Penalty Area. b) The sprinkler is within two club lengths of the green or on the green and the ball lies within two club lengths of the sprinkler. c) The sprinkler intervenes on the line of play between the ball and the hole.

**RELIEF AREAS HOLE #5 and HOLE #13:** In addition to Red Penalty Area options (Rule 17-1), a player is also entitled to use the designated relief areas. The relief area on Hole #5 and Hole #13 are on the Silver tee box. The entire tee box is the relief area. (See Rule 14-3)

**STROKE AND DISTANCE:** If your ball is lost or out of bounds, under the new stroke and distance local rule, you may drop your ball in the designated area with a 2-stroke penalty. (See diagram on next page)

### SPECIAL NOTES

**DESERT CLUB:** A 15<sup>th</sup> Club or Desert Club is **NOT ALLOWED** for events unless stated by the Golf Committee.

## GOLF'S NEW RULES: STROKE AND DISTANCE

A new Local Rule provides an alternative to stroke-and-distance relief for a ball that is lost outside a penalty area or out of bounds, effective January 1, 2019.

### BALL OUT OF BOUNDS

If the Local Rule is in effect, you can still take stroke-and-distance relief, but you now have the following additional option that comes with a penalty of two strokes:

**A DETERMINE SPOT** where your ball went out of bounds (left diagram) or is likely to be lost (right diagram).

**B FIND NEAREST FAIRWAY EDGE** no closer to the hole.

**C DROP YOUR BALL IN SHADED AREA** as defined on one side by a line from the hole through point A and on the other side by a line from the hole through point B, and not nearer the hole. The relief area is extended on both sides by two club-lengths.

This Local Rule is not intended for higher levels of play, such as professional or elite amateur level competitions.
